

Language Assistance Plan

Revity Credit Union

Revity Credit Union (RCU) is dedicated to fostering financial inclusion and community development. This plan focuses on providing equitable access to financial resources for individuals with limited English proficiency (LEP). With Spanish being the second most spoken language in RCU's service area, this language assistance plan includes a specific emphasis on the Spanish-speaking community.

II. Introduction:

Acknowledging the diverse linguistic landscape of our community, RCU underscores the significance of linguistic accessibility, particularly for Spanish-speaking residents. This plan emphasizes our commitment to serving all members of our community, regardless of language proficiency. The purpose of this Language Access Plan is to make reasonable efforts to eliminate or reduce English proficiency as a barrier to accessing RCU products, services, and programs.

III. Language Assistance Policy:

RCU affirms its commitment to language assistance, ensuring that LEP individuals, especially Spanish speakers, have equal access to financial services. This commitment aligns with the principles of Title VI of the Civil Rights Act of 1964, emphasizing nondiscrimination in programs and activities receiving federal financial assistance.

RCU shall take reasonable steps to provide LEP individuals with meaningful access to all products, services, and programs offered by RCU.

This policy is based on the principle that it is the responsibility of RCU and not the LEP person to take reasonable steps to ensure that communications between RCU and the LEP person are not impaired because of the limited English proficiency of the individual.

RCU shall take reasonable steps to effectively inform the public of the availability of language accessible programs and activities.

IV. Identification of Language Needs:

To identify language needs, RCU tracks language preferences of member's accounts, with a specific focus on Spanish speakers. This proactive approach enables us to tailor our language assistance services to the unique needs of the Spanish-speaking community.

V. Language Assistance Services:

All staff will receive training on the importance of providing meaningful information and services to LEP communities in a way that they can understand. This training will be included as part of New Employee orientation and refresher training will be provided periodically at staff meetings. RCU will provide the following language assistance services, with a primary focus on Spanish:

1. Bilingual Staff:

- Ensure staff members receive ongoing cultural competency training, specifically tailored to serving the Spanish-speaking community.
- RCU will seek to employ bilingual staff whenever possible by listing second language skills as a desired characteristic in the hiring process.

2. Translation Services:

- ATM transactions are offered in English and Spanish.
- Development services documents such as financial education materials will be translated as needed.
- Key documents, such as applications, disclosures, and marketing materials will be translated as needed.

VI. Implementation Plan:

To seamlessly integrate language assistance services into our operations, RCU will:

1. Staff Responsibilities:

- Designate specific staff members responsible for language assistance services, particularly for Spanish-speaking members.
- Appoint a Language Access Coordinator to oversee the implementation and maintenance of language services, with a focus on Spanish.

2. Community Outreach:

- Promote language assistance services through community events, newsletters, and social media, with targeted outreach to Spanish-speaking residents.
- Utilize Spanish-language communication strategies to inform LEP individuals about available services.

3. Feedback Mechanism:

- Establish a system for collecting feedback on language services, with an emphasis on feedback from the Spanish-speaking community.
- Regularly assess and improve language assistance efforts based on community input.

VII. Monitoring and Evaluation:

RCU will employ regular assessments and feedback analysis to monitor the effectiveness of language assistance services, with a particular focus on the Spanish-speaking community. The results will inform adjustments to the plan to better meet the needs of our Spanish-speaking members.
